Letra e música de Maggiar Villar de Casanova

Burning love. Burning love  
when i open my eyes  
i look around me  
what i see?  
i see a world calling me:  
Lets go to the world on the road  
burning love. burning love  
Oh, i'm burning love  
burning love  
Oh, a lover on the road. on the road  
burning love. burning love  
I'm a lover on the road  
Lets go to the world on the road  
burning love. burning love  
There's a lover on the road burning love  
Oh, i'm a lover on the road. on the road  
burning love. burning love  
Oh, baby i'm in burning love  
Oh, baby,  
give me all your love tonight  
i'm burning love  
baby you gotta love your man  
i'm your lover man, burning love  
who wants to live forever?  
i'm a zen man burning love  
oh, baby, give me all your love tonight  
there's a lover on the road burning love  
a lover on the road, burning love  
burning love  
i'm a lover on the road  
burning love  
burning loooove, baby  
i'm burning love. burning love...
